4. **Price bid (only in soft copy):-** Price bid of bidders who are assessed and declared as substantially technically responsive on evaluation of the technical bid will be opened for further commercial evaluation. Price bid is not to be submitted in hard copy. If submitted, same will be ignored.
5. Being three part Bid, bidder shall have to submit their tender in three stages i.e. **PRILIMINARY STAGE (Tender Fee-EMD details- online submission only)**, **TECHNICAL STAGE(on line submission only)** and **COMMERCIAL STAGE (on line submission only)**. First preliminary stage will be opened and if the documents towards payment of EMD and Tender fee are found ok, then only Technical Bid will be opened (On-line). Tenders submitted without Tender Fee-EMD by the firms, will be rejected without entering into further correspondence.
6. **For EMD amount up to Rs.3 lakhs, no any physical documents with bids will be required from bidders.**
 - a. **All the bidders will be required to pay tender fees plus applicable GST and EMD as mentioned in the tender documents either in cash (up to 10,000.00 only) at the office address specified in the tender documents or by RTGS/NEFT/online only.**
 - b. Bidder must have to provide details of TF/EMD and attach scan copy of RTGS/ NEFT / online / cash receipt in n-procure for reference.
 - c. Offline OR Hard copy will not be accepted, failing which the offer will be ignored out rightly.
7. The exemption in payment of Tender Fee & EMD shall be given under following clauses.
 - a. Micro & small-scale enterprises(MSEs) who participates directly in tendering process as manufactures or service providers, and holds a valid Udyam registration are eligible for exemption.
 - Agencies registered under Udyam in the Capacity of Traders, Re-seller or similar categories (i.e. other than manufactures / service providers) are not eligible for exemption.
 - b. Start-ups which participate directly in tendering process for the product which they are manufacturing/ service which they are providing and re-cognized by DPIIT under the Start-up India Program and has obtained Udyam registration.
 - c. Organization which has registration certificate for the manufacturing product of the tender, from Gujarat Khadi Gramodyog Board or Khadi and Village Industries Commission (K.V.I.C) or Commissioner of Cottage Industries.
 - d. Board/Corporations/PSUs of the Central/ State Government for their own manufactured items.
 - e. State Government recognized organizations like (i) organizations for blinds, dumb and deaf, disabled, mentally disabled persons; (ii) women's self-help group recognized by Gujarat Livelihood Promotion Company; which participate directly in tendering process for the product which they are manufacturing / service which /they are providing.

8. The details of the Electronic transaction receipt should be mailed at wtps.cashier.gsecl@gebmail.com with indicating RFQ NO, GST No, Separate amount of Tender fee & EMD, date of payment along with subject invariably.
9. Bidders should be in touch with the above websites for information regarding revision/ corrigendum/ amendment in tender till due date of on line submission and thereafter. No separate correspondence will be done in this regard.
10. Bidder shall also certify that quoted tender is 'UNCONDITIONAL' & without deviations.
11. The rates are exclusive of GST. However, the same shall be paid extra in accordance with GST rates.
12. No work order will be issued to party not possesses **own GST Number**.
13. Subletting of tender is not permitted.
14. Security Deposit should be paid within 10 (TEN) days from the date of issue of LOI i.e before placement of order. The successful bidder has to pay an amount equivalent to **5% of the value** of the work order as a Security deposit, either in D.D. / Bank Guarantees/RFTGS/NEFT only.

In tender process, for L-1 Bidder Security Deposit will be charged as per table below.

Category of the Unit	Security Deposit	
	Purchase Up-to Rs. 5 Lakhs	Purchase of more than Rs. 5 Lakhs
Enterprises or organizations which are Exempted from paying tender fee & EMD as per procurement policy	Exempted	3% of order value
For all other enterprises	5% of order value	5% of order value

15. **TDS ON GST: Provision related to TDS on GST shall be made applicable, if value exceeds contract threshold limit (i.e. at present threshold limit Rs.250000.00).**
16. **If participating bidder/agency have stake in one or more other agencies/bidders who are participating in same tender and on account of submission of wrong information/declaration in the tender/enquiry certificate-A, then the bidder will be declared as disqualified automatically as EMD/SD will be forfeited. Further, GSECL shall take tern action including Stop dealing with their firms.**
17. If the bidder wish to submit Bank Guarantee (BG) in lieu of Security Deposit(SD) / Performance Bank Guarantee (PBG), then the bidder should ask his BG issuing bank to give intimation to our Bank Of Baroda (Beneficiary Bank), Wanakbori TPS branch having IFS Code as BARB0DBWANA (fifth letter is zero) through Structured Financial Messaging Solution (SFMS).
18. **The details like Tender No., Tender fee, EMD, Name of bidder etc should be match on On-line offer (e-tendering) submitted documents of Tender fee and EMD details. Any deviation found in Data/Details/Documents between On-line offer (e-tendering) submitted documents of Tender fee and EMD details will not be considered and such bidder is liable for rejection and no any further communication in the matter will be entertained.**
19. **Bidders are requested to submit price – bid (Schedule-B) online only and not to submit the price bid in physical form. This is mandatory. If price bid is submitted in physical form, same will not be opened and only on-line submitted price bid will be considered for evaluation.**
20. **It is mandatory to submit PDF copies of all Annexure as mentioned in tender document including Integrity pact, certificate-A, documents as mentioned in PQR & whole Tender document duly filled, stamped and signed through online (n-Procure) process only.**
21. Bidder shall have to submit scanned copy of Active GSTIN registration and PAN No. in online bid. Tenders submitted without Active GSTIN by the bidders, the offer will be rejected without entering into further correspondence.
22. **GSECL reserve the rights to accept/reject/cancel any or all the offers/tenders, extend dates and/ or re-advertise tender, and/ or the whole process of tenderization at any stage without assigning any reasons thereof.**
23. **If any deviation in your offer with respect to Tender specification, then please mention clearly in separate deviation sheet Annexure-12, otherwise we will consider your offer is exactly as per our Enquiry / Tender specification.**
24. **In case of short submission of documents with bid, GSECL reserves the right to ask through email / electronic mode / letter to submit the required details / documents and/or clarification in physical form as well as in electronic form as the case may be. The bidder has to submit the required document / details / clarification asked by GSECL within stipulated**

time limit, failing which the bid will be liable for rejection.

25. If in any Bidder company/firm, the interest (i.e. shareholding in company and share in partnership firm) of any employee of the tendering company or his/her relative as defined in section 2(77) of the company's ACT 2013 is 10% or more, the tendering Company will not deal with such Company/Firm at all.

Tenderer therefore, must specifically disclose this fact in his technical Bid. Non-disclosure of such facts would immediately disqualify the tenderer for further dealing with the tendering company.

26. "All bidders shall submit the details/documents in support of Technical Qualification Requirements duly certified and verified for authenticity from Specified Third-Party Inspection Agency (TPIA) or Statutory Auditor of their Company or Practicing CA/CA Firm along with a certificate regarding verification of authenticity of documents as per the format placed at Annexure-1. All the documents submitted by the bidder in support of meeting **Technical QR Only** shall be digitally signed by the Specified Third-Party Inspection Agency (TPIA) or Statutory Auditor of their Company or Practicing CA/CA Firm."

The verification and certification of authenticity of documents is acceptable from any of the following TPIAs:

1. M/s Competent Inspectorate and Consultants Pvt. Ltd, Hyderabad, India.
2. M/s Gulf Lloyds Industrial Service India Pvt. Ltd.-Ahmedabad.
3. M/s International Certifications Services.
4. M/s Intertek India Pvt. Ltd.
5. M/s SGS India Pvt. Ltd.
6. M/s Moody International (India) Pvt. Ltd.
7. M/s TUV SUD South Asia (P) Ltd.
8. M/s TUV Rheinland (India) Pvt. Ltd.
9. M/s BuerouVeritas (India) Pvt. Ltd.
10. Hertz Inspection & Services Pvt. Ltd.
11. IRCLASS System and Solutions Pvt. Ltd.

The following website may be referred for contact details of above TPIAs:
http://nabcb.qci.org.in/accreditation/reg_bod_inspection_bodies.php

Any document/documents in support of Technical QR, which is not certified by the Specified Third-Party Inspection Agency (TPIA) or Statutory Auditor of their Company or Practicing CA/CA Firm, as per the format enclosed with the bidding documents, shall not be considered verified/ certified for the purpose of evaluation, and the bid shall be liable for rejection.

The Bidder shall be responsible for getting their documents/ credentials verified & certified by the Specified Third-Party Inspection Agency (TPIA) or Statutory Auditor of their Company or Practicing CA/CA Firm in support of Technical QR. All the costs pertaining to third party verification and certification (including those by statutory auditors) shall be borne by the Bidder. GSECL shall have no liability (financial or otherwise) towards the same and shall not be liable for any claim/ dispute between the bidder and the Specified Third-Party Inspection Agency (TPIA) or Statutory Auditor of their Company or Practicing CA/CA Firm."

Note:- Verification for authenticity shall not be applicable in following cases

- 1) If Bidder having proven track record or regular suppliers/Contractors (i.e. OEM/ OES/ PSU's).
- 2) If Bidder should have Past order copies of GSECL

27. The party has to submit required documents within 10 days from the date of issue of LOI and if party does not submit the documents within specified time, necessary action may be initiated as per GSECL rules.

28. The party must agree to participate in the VMS during the tender process and provide the necessary details to streamline the VMS registration process and to avoid delays in payment for supplies.

- a. For registration in GSECL's VENDOR MANAGEMENT SYSTEM (VMS) <https://vms.guvnl.com>, vendor is required to submit details of PAN, GST, official email ID for receiving OTP, bank details, and any other information as required.

- b. After successful registration, the vendor will receive a VMS link, along with a login ID and password, to process invoices.
- c. Vendor must upload invoice of supplied material in VMS portal to process payment.
- d. The SOPs for New Vendor Registration and Invoice Submission are available at the link above. Documents required for Registration: (1) PAN Copy (2) GST Certificate Copy (3) E-mail ID (4) Full Name of Vendor

DECLARATION FOR CONFLICT OF INTEREST AMONG BIDDERS/AGENTS

(On letter head digitally signed by a person duly authorized to Sign on behalf of the firm)

Name of Work:	Supply and application of mineral wool insulation on various pipes, bends, vessels etc. of Turbine and its auxiliaries of 1 x 800 MW of Wanakbori TPS during on as & when required basis and AOH of Unit No. 8.
RFQ No:	75810

I / we _____ authorized signatory of M/s_____ hereby declared that M/s_____ shall not have conflict of interest with other bidders for subjected work tender items as below;

Conflict of Interest among Bidder/Agents:

A bidder shall not have conflict of interest with other bidders for particular quoted item. Such conflict of interest can lead to anti-competitive practices to the detriments of procuring Entity's interests. The bidder found to have a conflict of interest shall be disqualified. A bidder may be considered to have a conflict of interest with one or more parties in this bidding process for particular quoted item, if :

- a) They have proprietor/ partner (s) / Director (s) in common ; or
- b) They receive pr have received any direct or indirect subsidy/financial stake from any of them; or
- c) They have the same legal representative/agent for purposes for agent for purposes of this bid; or
- d) They have relationship with each other, directly or through common third parties, that puts them in a position to have access to information about or influence on the bid of another bidder; or
- e) Bidder participates in more than one bid in this bidding process. Participation by a bidder in more than one Bid will result in the disqualification of all bids in which the parties are involved. However, this does not limit the inclusion of the components/ sub-assembly/ assemblies from one bidding manufacturer in more than one bid.
- f) In cases of agents quoting in offshore procurements, on behalf of their principal manufacturers, one agent cannot represent two manufacturers or quote on their behalf in a particular tender enquiry. One manufacturer can also authorize only one agent/ dealer. There can be only one bid from the following:
 1. The principal manufacturer directly or through one Indian agent on his behalf; and
 2. Indian/ foreign agent on behalf of only one principal.
- g) A bidder or any of its affiliates participated as a consultant in the preparation of the design or technical specification of the contract that is the subject of the Bid;
- h) In case of a holding company having more than one independently manufacturing units, or more than one unit having common business ownership management, only one unit should quote. Similar restrictions would apply to closely related sister companies. Bidders must proactively declare such sister/ common business/ management units in same/ similar line of business.
- i) Bidder shall not act in contravention/ violation to the provisions of competition act, as amended from time to time.

Every bidder should, at the time of submission of bid, give a declaration, that bidder shall not have conflict of interest with other bidders for particular quoted item, as above.

Note: Remove word "for particular quoted item" from above clause, where bidders are asked to quote rates for all tender items i.e. rate are called on %age basis.

Name of Work:	Supply and application of mineral wool insulation on various pipes, bends, vessels etc. of Turbine and its auxiliaries of 1 x 800 MW of Wanakbori TPS during on as & when required basis and AOH of Unit No. 8.
RFQ No:	75810

Pre-qualifying criteria

The bidder must have to submit tender in two separate bids, (i) Technical bid, & (ii) Price bid.

The bidders are requested to submit the technical bid with the following credentials for technically qualifying criteria in softcopy.

A. Technical Qualification Criteria:

Sr. No	Technical Qualifying Criteria	Bidders remark regarding submission of documents in soft
1	The bidder should submit work order copies as an evidence for experience of having successfully completed similar works in last 07 (seven) years period as on date of opening of tender in any Power Generating Stations of Government / Semi Government /State electricity board / Corporation body / Private Limited company / Public Limited company. Experience of having successfully completed similar works during last 07 (seven) years ending last day of month previous to the one in which applications are invited as on date of opening of tender should be either of the following: a) Three similar completed each work contract costing not less than the amount equal to Rs 7.43 Lakh of the estimate cost. OR b) Two similar completed each work contract costing not less than the amount equal to Rs 9.29 Lakh of the estimate cost. OR c) One similar completed each work contract costing not less than the amount equal to Rs 14.87 Lakh of the estimate cost Similar works means “Supply and application of Mineral wool or rockwool thermal insulation, Aluminum cladding on various pipes, bends, vessels, auxiliaries, valves, etc”.	
2	List of tools & tackles.	
3	Party has to submit copy of separate PF code number registration certificate.	
4	Party has to produce copy of group insurance (Workman compensation policy) prior to work execution for all labours engaged against awarded contract for subject work. Bidder has to give acceptance for the same.	
5	Labour license is required to be obtained by contractor only after placement of order subject to engagement of more than 50 workers. Bidder has to give acceptance for the same.	
6	Bidder shall have to submit copy of active GSTIN registration and PAN No. along with technical bid. Tender submitted without active GSTIN by the bidders, the offer will be rejected without entering into further correspondence.	

7	Details of registered partnership deed in case of partnership firm and activities of association and memorandum of association in case of company and notarized copy of same should be submitted along with bid.	
8	Bidder shall have to submit technical bid duly stamped & signed on all pages in soft copy	
9	Bidder must be fill-up Form-01, Form-02, Form-03, Form-04, Form-05, Form-06, Integrity pact our endeavor & all declaration forms of Technical Bid duly stamped & signed.	
10	Conditional tender is liable to be rejected. Withdrawal or insertion of conditions unilaterally after opening of tenders will not be permitted unless it so desired by the GSECL.	

- The Issue / Submission of Bids / Tenders to / by any Bidder do not mean that the Bidder is qualified for Bidding. Even after Issuance / Submission of Bid / Tender, the Pre-Qualification Criteria will be applicable at the Time of Technical Bid / Tender Evaluation, If Bidders Bid does not meet the Pre-Qualification Criteria, then their Offer is likely to be rejected. Decision regarding this will be taken by the Chief Engineer (C & O), GSECL, WTPS and binding to all.
- Any Alterations / Modification to the Bids Received after Opening of Tender shall not be considered unless carried for by the GSECL in Negotiations
- Non-compliance of above criteria the technical bid is liable to be rejected. After acceptance of the Technical Bid, the Price Bid will be considered for opening.
- The bidders who wish to participate in the bidding shall satisfactorily establish that they fulfill the following Qualifying Requirements in addition to the satisfactory fulfillment of the requirements stipulated under tender condition:

B. Financial qualification criteria:

The Average Annual Turnover of the bidder, shall not be less than **Rs. 5,57,760=00** during the preceding **three (3)** financial years as one date of Techno-Commercial bid opening.

- 1) Net worth of bidder shall not be less than 100% of the bidder's paid up share capital as on the last day of the preceding financial year. In case the Bidder meets the requirement of Net worth based on the strength of its Subsidiary (ies) and/or Holding company and/or Subsidiaries of its Holding Companies wherever applicable, the Net worth of the Bidder and its Subsidiary (ies) and/or Holding company and/or Subsidiary (ies) of the Holding Company, in combined manner should not be less than 100% of their total paid up share capital. However individually, their Net worth should not be less than 75% of their respective paid share capitals.

Net worth in combined manner shall be calculated as follows:

Net worth (combined) = $(x_1+x_2+x_3)/(y_1+y_2+y_3) \times 100$, where x_1, x_2, x_3 are individual net worth which shall not be less than 75 % of the respective paid up share capitals and y_1, y_2, y_3 are individual paid up share capitals.

- 2) In case the bidder is not able to furnish its audited financial statements on stand-alone entity basis, the unaudited unconsolidated financial statements of the bidder can be considered acceptable provided the bidder further furnishes the following documents for substantiation of its qualification.
 - Copies of the unaudited unconsolidated financial statements of the bidder along with copies of the Audited consolidated financial statements of its Holding Company.
 - A Certificate from the CEO/CFO of the Holding Company, stating that the unaudited unconsolidated financial statements form part of the Consolidated Annual Report of the company.
- 3) In cases where audited results for the last preceding financial year as on the date of techno-commercial bid opening are not available, the financial results certified by a practicing Chartered Accountant shall be considered acceptable. In case, Bidder is not able to submit the Certificate from practicing Chartered Accountant certifying its financial parameters, the audited results of three

consecutive financial years preceding the last financial year shall be considered for evaluating the financial parameters. Further, a Certificate would be required from the CEO/CFO, stating that the Financial results of the Company are under audit as on the date of Techno-commercial bid opening and the Certificate from the practicing Chartered Accountant certifying the financial parameters is not available.

- 4) The bidder must submit Average Annual Turnover and Net worth Certificate in support of Financial QR, duly certified and verified for authenticity from Independent Statutory Auditor of their company / Practicing Chartered Accountant/ C.A. Firms / TPIA (Third-Party Inspection Agency) empanelled approved by GSECL, along with copy of Annual Audited Accounts of last three years

Note for point No.1, 2, 3 & 4:

- i. Other income shall not be considered for arriving at annual turnover.
- ii. "Holding Company" and "Subsidiary Company" shall have the meaning ascribed to them as per Companies Act of India, in vogue.
- iii. Net worth means the sum total of the paid up share capital and free reserves. Free reserve means all reserves credited out of the profits and share premium account but does not include reserves credited out of the revaluation of the assets, write back of depreciation provision and amalgamation. Further, any debit balance of Profit and Loss account and miscellaneous expenses to the extent not adjusted or written off, if any, shall be reduced from reserves and surplus.

Instruction to Bidder:

1. Validity for the offer must be for minimum **180 days** from the tender opening of technical bid.
2. Assurance for Unconditional Tender on envelope of technical bid itself.
3. Schedule-A, Terms & Conditions of Technical Bid duly signed on each page, deviation if any clearly mentioned.

**SIGNATURE OF CONTRACTOR
WITH SEAL & DATE**

**CHIEF ENGINEER (C&O),
GSECL, WTPS**

**GUJARAT STATE ELECTRICITY CORPORATION LIMITED,
WANAKBORI THERMAL POWER STATION,

Name of Work:	Supply and application of mineral wool insulation on various pipes, bends, vessels etc. of Turbine and its auxiliaries of 1 x 800 MW of Wanakbori TPS during on as & when required basis and AOH of Unit No. 8.
RFQ No:	75810

[01] SCOPE OF WORK:

- The contractor scope of work shall includes removal of old insulation and application of 50 /100 mm thick mineral wool and its protective covering on pipes, bends, valves etc. of various diameters as per IS:14164 -1994 “Title : Industrial Application and Finishing of Thermal Insulation material at temperature above 40°C & up to 750 °C ”. For the work scheduled at schedule-B, party will have to supply the material.
- Contractor’s scope of work shall include but not be limited to the followings.
 - Removal of old insulation material, aluminum sheeting etc. from the work area and depositing the same at the site shown in vicinity of power station area.
 - Provision of Lugs, clamps, flats, screws, retainers, lancing wire etc. for supporting insulations.
 - Any other material as may be required for making the insulation complete.
 - Unloading from carriers at site, handling, checking, perceiving, and transportation to storage area and to erection site and storage of all materials under the contract.
 - Supply and erection of scaffolding material wherever required.

[02]. TECHNICAL TERMS & CONDITIONS:

02.01 MATERIAL SPECIFICATIONS:

Thermal insulation thicknesses shall be calculated based on the following design parameters.

- a) **Pipe/Equipment wall temperature:** Maximum Design Temperature
- b) **Surface temperature of insulation jacket:** 60 Deg. Cent.
- c) **Ambient temperature design:** 45 Deg. Cent.
- d) **Wind velocity:** 1.0m/sec
- e) **Emissivity of Cladding:** 0.2
- f) **Thermal conductivity:** As per IS: 8183 for bonded mineral (Rock) wool mattresses
- g) **Thickness Calculation:** As per ASTM C-680 Code

(I) MINERAL WOOL MATTRESS:

The Lightly Resin Bonded mineral wool mattresses of density 150 Kg/m³ insulation where hot face temperature is more than 400 deg cent and 100 Kg/m³ insulation where hot face temperature is up to 400 deg cent. duly machine pressed and reinforced with GI hexagonal mesh wire netting of 22 SWG x 1/2” on both sides confirming to **IS:8183 – 1993** “ Title: Bonded Mineral wool”. The mineral wool mattresses having in standard size of 1520 mm x 1220mm x 50 mm thick & 1640mm x 1220mm x 100 mm thick and maximum hot faced temp.750°C. The mineral wool mattresses should be packed in HDPE covers.

(II) CLADDING & OTHER ANCILIARY MATERIALS.

1) Aluminum Sheet:

Insulation shall be finally covered with Aluminium sheet conforming to IS: 737 - 19000 Gr. H2.

Thickness of Aluminum sheets shall be as below:-

- **16 SWG (1.625 mm)** For Piping and Equipment having outside diameter over insulation 450 mm and above and for flat surfaces.
- **20 SWG (0.914 mm)** For Piping and Equipment having outside diameter over insulation up to 450 mm.

2) Binding & Lacing wire:

Binding & lacing wire shall be 20 SWG stainless steel (S.S. 304) wires.

3) Screws

Screws shall be of zinc coated, check headed, self-tapping type. Above 400 degree Celsius temperature, screws shall be of stainless steel.

02.02 CODES AND STANDARDS:

The application of thermal insulation to piping, valves, fitting, ducts, expansion bellows, equipments covered under these specifications shall comply with all currently applicable status, regulations and safety codes in the locality where the thermal insulation is to be applied. References of following codes and standards will be taken for the work under this contract.

- IS 14164 - 1994 code of practice for application and finishing of thermal insulating materials at temperatures above 40 degree C and up to 750 degree C.
- IS 14164 -1994 clause no.9 conversion factors for bends, fittings, valves etc. for measurement

02.03 APPLICATION OF INSULATION – GENERAL:

- (a) Removed old insulation should be disposed off at prescribed site by GSECL and as per instruction of Engineer In-charge. Other scrap material should be credited in main Store and should be dumped as per instruction of E.E. (Store) after completion of the work.
- (b) All surfaces to be insulated shall be cleaned and dried before the insulation is applied. The surfaces shall be cleaned of all foreign materials such as scale, dirt, rust, paint, etc. by the use of steel wire brushes and steel scrappers where necessary. Where a surface is not free of rust/paint after preparation the contractor shall notify the engineer in charge for the condition for remedial action. The insulation shall be applied after remedial action suggested by engineer-in-charge and has been taken by the contractor.
- (c) All vertical pipes shall be provided with suitable insulation. Supports to prevent the insulation from collapsing due to its own weight. Any welding required shall be done by the contractor with the prior permission of the engineer-in-charge and only under his direct supervision. Where welding is not permitted, suitable clamped supports shall be used by the contractor. The insulation shall be applied starting from bottom to top. Flexible insulating material shall be clamped from above.
- (d) Compressed mineral wool mattress are to be used; the insulation shall be formed to fit the pipe and applied with edges pulled together tightly at the longitudinal joint and secured by lacing wire. The insulation shall be turned to bring this joint to the lower side adjacent length shall be butted closely and laced together with lacing wire. To achieve insulation thickness 100 mm, two layers of mineral wool pad of standard available size of 50 mm thick have to be used as required. Where application will be in two or more layers, each layer of mattress shall be backed up with wire netting of 20 SWG stainless steel wire and having ½" size hexagonal opening. The ends of all wire loops shall be firmly twisted together by pliers, bent over and carefully pressed in to the surface of the insulations.
- (e) All insulation shall be protected by an outer covering of aluminum sheet, sheeting joints shall be sealed made and more effectively weather and water proof. All flat surfaces shall be adequately slopped to prevent pools of water collection. On vertical pipes the jacketing shall be applied working from bottom up.
- (f) Each section of jacketing shall have a minimum lap of 50 mm longitudinally and circumferentially. Each circumferential joint shall be made weather proof by seaming with an aluminum steel strap longitudinal loop joints shall be fixed with zinc plated screws on approximately 150 mm center.
- (g) Outer cladding removed/replaced/installed shall be rectified as per original existing fashion with retaining plate and top/bottom ends. The work must be completed with quality job as per standard, failing which penalty shall be exposed as decided by engineer-in-charge.
- (h) **VALVES AND FITTINGS:**

All valves, fittings, and items shall be covered with the same type and thickness of insulation as specified by the adjoining pipe with the special provisions and exception as listed below.

- All valves and flanges shall be completely insulated with removable type of boxes fabricated from aluminum sheets of 16 or 20 SWG lined with required thickness of insulation as per instruction.
- All Pipe insulation adjoining flanges shall be leveled back to permit removal of the bolts and nuts. All piping shall be covered with aluminum jacket of specified 20 SWG after finish.
- Pipe hanger clamps shall be covered with insulation along with the pipe. When pipe hangers pass through insulated on piping outdoor, a metal hook placed with water proof sealed material shall be installed. Care shall be taken to ensure that the upper bolts of hanger's clamps are not insulated.

- 02.04 Party will have to arrange sufficient labours to shift the material at site. Party will have to make his own arrangement for shifting the materials. The transportation of material from store / tool room to the site & from site to store / tool room is in the scope of party.

- 02.05** The party will have to arrange welder, welding machine, welding rods, welding cable, all tools & tackles, labours his own cost.
- 02.06** The mineral wool pads must be machine prepared and not manually prepared. If pad thickness is more than specified, then party has to bear the cost. The GSECL will not make any additional payment. The standard pad thickness is 50 mm. The materials, like insulation, hook insulation retainer, casing support, wire paints & other minor items required for the above work are to be arranged by the party at his own cost.
- 02.07** All the materials shall be got inspected through Engineer-in-charge before use, and contractor has to execute the work during & after work completion of unit no.8, as per instruction of Engineer-in-charge.
- 02.08** All the materials as per work scheduled at schedule-B shall be routed through Main Store before Crediting to TMD site store.
Party has to submit documentary evidence for Insulation materials duly mentioned with physical properties, test etc. as per IS standards cited at point no.: 02.01 during the inspection along with the delivery chalan and also submit with Invoice.
- 02.09** New insulation is to be applied after cleaning the surface by normal scrapping and cleaning rust by wire brush.
- 02.10** Schedule of Insulation thickness is as per mentioned in point no.: 02.01.
- 02.11** The party will have to apply aluminum sheet immediately on insulated surface.
- 02.12** All the insulation area of piping measurement & conversion factors for bends, fittings, valves etc will be given as per **IS : 14164 -1994 clause no.9** as per Annexure -I.
- 02.13** If required, party shall have to complete the work within stipulated period by engaging adequate resources and doing round the clock work.
- 02.14** Scaffolding materials such as bullies, planks, Kathie, pipes etc. shall have to be arranged by the contractor at his own cost, wherever & whenever required for which no extra payment will be made. After completing the work, scaffolding shall have to be immediately removed by the contractor at a part of this contract i.e. no extra payment shall be made for the same.
- 02.15** Contractor is fully responsible for any damage to GSECL'S property done by his men / materials.
- 02.16** Only **male labors** must be engaged for the above work.
- 02.17** **UNSATISFACTORY PROGRESS OF WORK:**
If the work of contractor is found unsatisfactory or not progressing according to the requirement, the GSECL may take such action as deemed fit to see that the work is completed in time at your risk and cost including Termination of contract or penalty.

ANNEXURE – I

Clause no.	MEASUREMENTS - AS PER IS - 14164-1994	MEASUREMENT BASIS FOR THIS CONTRACT
2	MEASUREMENTS	
9.1	Insulation Over Tanks, Columns, Vessels, Exchangers and Equipment	
9.1.1	Measurement shall be taken over the finished insulation surfaces in all cases.	Measurement shall be taken in square meter over the finished insulation surfaces. Any other unit of measurement may not be adopted.
9.1.2	No deduction shall be made for any area required to be left un insulated, the area of which is equivalent to a circle of 600 mm in diameter, or less.	As per Clause no. 9.1.2
9.1.3	In case of insulated nozzles, projections or manhole is equivalent in area to a circle of 600 mm in diameter or less than in addition to the area of such nozzle, projection, or manhole not being deducted from the insulation Measurements of the tank, column, vessel, exchanger or equipment, as the case may be, the projection of such nozzle, projection or manhole, from the insulated surface around it, shall be measured as pipe insulation of appropriate	As per Clause no. 9.1.3

	diameter. If the area of the nozzle, projection or manhole exceeds the area equivalent to a circle of 600 mm in diameter, then twice the actual insulated area of such nozzle, projection or manhole shall be considered for measurement and paid for as vessel insulation, after deducting the area of the tank, column, vessel, exchanger or equipment covered by such nozzle, projection, or manhole.			
9.1.4	Insulated areas with different specifications shall be specified and measured separately, such as:			
a)	Roof/tops of tanks and vessels incorporating hard setting composition and/or waterproofing layer.			As per Clause no. 9.1.4 (a)
b)	Sides of larger diameter tanks and vessels where corrugated Aluminium sheets are to be used; measurements being taken over the crest of corrugated sheets.			As per Clause no. 9.1.4 (b)
c)	Insulation systems requiring special supports/structure to be provided by applicator prior to application of insulation.			As per Clause no. 9.1.4 (c)
d)	Insulated areas clad with different thickness of Aluminium sheets			As per Clause no. 9.1.4 (d)
9.1.5	Insulated dished ends of vessels, columns or equipment shall be considered as twice the projected plan area of the dished ends for purpose of measurement.			As per Clause no. 9.1.5
9.1.6	Insulated equipment flanges shall be measured as prescribed in 9.1.3.			As per Clause no. 9.1.6
9.1.7	Any more of measurement other than the above may also be adopted, if agreed to between the purchaser and the applicator.			As per Clause no. 9.1.7
9.2	Insulation Over Piping (Including Ducts)			
9.2.1	All measurements for piping (ducting) shall be taken over the finished insulated surface in meters, corrected to nearest centimeter along the centre line of piping (ducting), through all fittings, insulated or otherwise, such as valves, flanges, elbows, bends, tees and reducers.			All measurements for piping (ducting) shall be taken over the finished insulated surface in meters, corrected to nearest centimeter along the centre line of piping (ducting), Only insulated piping shall be measured for payment. For measurement of Valves, flanges, elbows, bends, tees and reducers will be measured separately as specified below .
9.2.2	If the valves, flanges or other fittings are also insulated, then, in addition to the lengths being already covered under piping and ducting insulation as stipulated in 9.2.1, extra measurement as prescribed below shall be allowed in linear meter of the connected piping or ducting:			If the valves, flanges or other fittings are also insulated, separate measurement for valve or other fittings will be carried out. The measurement of connected piping are measure separately over the insulated surface. No extra measurement shall be allowed for these items.
	Insulated Fitting	For Sheet Metal Finish	For Other Finishes	

9.2.2.1	Valve/ venture / steam traps/ strainers including flanges and body (up to 300 mm size)	1.50 m	1.40 m	For Valves and flanges separate measurement are indicated below and hence will not be measured as part of pipe measurement and no extra measurement shall be allowed (a) For sheet metal finish, 1.50 x linear meter of piping shall be allowed for line size up to 300 mm diameter. (b) For Other Finishes, 1.40 x linear meter of piping shall be allowed for line size up to 300 mm diameter. (c) Following measurement formula -A mentioned with drawing should be adopted for insulated Valve/ venture / steam traps/ strainers including flanges and body Any other unit of measurement / formula may not be adopted.
9.2.2.2	Valve/venture /steam traps/ strainers including flanges and body (for sizes larger than 300 mm)	2.0 m	1.90 m	For Valves separate measurement formula –A mentioned below with drawing and hence will not be measured as part of pipe measurement and no extra measurement shall be allowed (a) For sheet metal finish, 2.0 x linear meter of piping shall be allowed for line size larger than 300 mm diameter. (b) For Other Finishes, 1.90 x linear meter of piping shall be allowed for line size larger than 300 mm diameter. (c) Following measurement formula -A mentioned with drawing should be adopted for insulated Valve/ venture / steam traps/ strainers including flanges and body Any other unit of measurement may not be adopted.
	 Linear length (L1) = Length from point X to point Y AREA = C x IS Factor x L1 - Formula A IS Factor : 1.5 for line size up to 300 mm diameter 2.0 for line size larger than 300mm diameter			

9.2.2.3	Pair of flanges including orifice plate and flanges	0.80 m	0.60 m	For flanges separate measurement are indicated below and hence will not be measured as part of pipe Measurement and no extra measurement shall be allowed. (a) For sheet metal finish, 0.80 x linear meter of piping shall be allowed of the connected line size. (b) For Other Finishes, 0.60 x linear meter of piping shall be allowed of the connected line size. Any other unit of measurement may not be adopted.
9.2.2.4	Bends and elbows	Twice the actual length, as measured along the center line of the piping or ducting.		For Bends and elbows separate measurement formula – B indicated below in drawing and hence will not be measured as part of pipe Measurement and no extra measurement shall be allowed Twice the actual length of bend / elbow, as measured along the center line of the piping or ducting shall be allowed Following measurement mentioned formula –B in drawing should be adopted for insulated Bends and elbows . Any other unit of measurement may not be adopted.
	INSULATION OF BEND  Length of bend = Length from point X to Y along the centre line AREA = Circumference x IS Factor x Length of bend - Formula B IS Factor = 2			
9.2.2.5	Reducer	Actual length of larger size (along the centre line of piping)		As per IS Clause no. 9.2.2.5
9.2.2.6	Tees	2 (D1 + D2), where D1 and D2 are insulated diameters of the two pipelines forming the tee.		As per IS Clause no. 9.2.2.6

9.2.2.7	Any other special fitting	To be specified and measured separately on number basis.	As per IS Clause no. 9.2.2.7
---------	---------------------------	--	------------------------------

NOTE: Measurements of all valves, flanges and other fittings shall be based on actual count and calculated in square meter. Measurement of piping or ducting shall be calculated in square meter considering total lengths of piping or ducting of various diameters and circumference of the finished insulation surfaces of connected piping.

[03]. TECHNO-COMMERCIAL TERMS & CONDITIONS:

1. **Mobilization:** Contractor shall have to mobilize the site within **05 (five days)** after intimation (Verbal/Written/Email) of GSECL & have to start work immediately as per instruction of EIC.
2. To and fro charges for mobilization of men and material from their works / office to Unit no-8 of WTPS site & inside the site area as per requirement will be in scope of the contractor. No extra amount will be paid for the same.
3. **Payment Terms:**
 - (a) Payment shall be made as by RA Bill as per actual quantity executed.
 - (b) Payment will be made as per actual work done only after taking joint measurement and the contractor will be paid 100% amount of actual work done on satisfactory completion of job work. Payment will be released within 30 days from receipt of recorded bill in all respects and as per submission of documentary proof of payment of GST or till reflection of payment of GST pertain to respective bill amount in GST return after due verification.
4. **Time Limit :**

The time limit for the work contract is **18 months** from the date of actual commencement of work at site.
5. No price escalation on any account against this order shall be permissible/ entertain.
6. Rates are firm and inclusive of all taxes, levies etc. like P&F and transportation charges except GST. GST will be paying extra at prevailing rate as applicable.
7. Party should start work only after confirmation of issue of Line clear from Engineer In-charge.
8. Party has to arrange required tools and tackles, consumables required to carry out the complete the job at their own cost.
9. **Penalty:** If work is not completed within time limit as mentioned at clause no. 4 for individual item, penalty –for delayed period per week 0.5% of end cost amount of this individual item and maximum 10 % of end cost amount of total work done will be recovered from the bill.
10. **Cleanliness:**

The contractor is responsible to keep the work area cleaned day to day. No separate payment shall be made for keeping the work area clean. However an additional penalty on delays at 5 % of the total value of work executed shall be levied, if the contractor fails to keep the work area clean and at least three warnings shall be issued to the party by GSECL In-charge Engineer in this regard.
11. **Facilities :**

Following arrangements are to be carried out by Contractor.

The following items will be the responsibility of the contractor and no additional payment over and above the quoted rate will be made to contractor on the account of these items.

 - a) All tools-tackles & consumables i.e. cotton waste, diesel, kerosene, grinding wheels, gas cutting, Oxygen & DA cylinder Welding electrodes etc shall have arrange by contractors at their own cost.
 - b) The required size spanners, tools and tackles, wire brush etc have to be arranged by party. Required chain pulley blocks etc. shall be arranged by the contractor at their own cost only.
 - c) The contractor shall have to take care for safe handling of GSECL requirement & machine otherwise the cost of damage/shortage will be recovered from contractor's bill.
 - d) Electricity is provided by GSECL at free of cost from the points decided by EIC. The GSECL shall make arrangement for providing power supply to the contractor for working their equipments, tools etc. as and when required as decided locations / points by Engineer in Charge. ICTP Switches fuse, overload trip device, ELCBs and other electrical protection devices must be arranged by the

Contractor at his own cost and risk. Further distributions shall be at the cost of contractor. However contractor shall arrange sufficient quantities of 100 Watts / 24 volt A.C. Bulbs with Bulb holders & its extension boards with @ 15 meter cable at their cost.

- e) All material required for erection of scaffolding along with scaffolding material such as scaffolding pipe, clamp, wooden plank etc. are in the scope of the party.
- f) General purpose electrodes as well as Special welding electrodes have to arrange by the party. Prior approval of make & type of welding electrode should be taken from GSECL.
- g) All other items not listed but required to carry out this work.
- h) Personal protective equipments like safety shoes, helmet, safety belts, goggles etc.

Following arrangements shall be provided by GSECL free of cost.

Following items will be supplied by GSECL Free of Cost for this work.

- a) Power supply will be given at one point for lighting, welding machine, portable electrical tools etc.
- b) Air, Water and Electricity are provided by GSECL at free of cost from the points decided by EIC. Whenever electrical connections are needed by the contractor to carry out the tendered work, they shall have to submit the complete details of their equipments in writing prior to start the work (citing work order number).

[04]. GENERAL TERMS AND CONDITIONS FOR WORK:

1. **Quantity of Work:** The estimated quantity of work given in Schedule 'B' is purely based on assumptions for the contract period.
2. On completion of the work, the site shall be cleared by the contractor within the stipulated (two days) period by crediting scrap material & submit the GSECL material, tools & tackles, consumable items etc. which is provided by GSECL free of cost as per scope of work TMD store, failing which site will be cleared by departmentally or any loss of above mentioned items, the expenses occurred will be recovered from your RA Bills / pending dues.
3. Contractor has to handle the GSECL equipment / tools / tackles carefully otherwise the cost of damage / shortage will be recovered from the party's bill.
4. **Contractor has to follow all labour laws and safety rules as per GSECL procedure.**
5. Accommodation at GSECL guest house / hostel. Quarters will be provided on chargeable basis as per GSECL rules if available.
6. **Contract Agreement & Indemnity Bond:** The contractor shall have to execute Agreement on stamp paper of Rs.300/- & Indemnity bond on stamp paper of Rs. 300/- in the prescribed form before commencement of work. The cost of stamp papers shall be borne by the contractor.
7. Payment will be made as per actual quantity executed only. No price escalation will be entitled.
8. **Security Deposit:** Contractor shall have to pay security deposit @ 5 % of the order value within 10 days from the date of issue of LOI. The amount of SD shall be retained by GSECL till completion of work contract.
9. **Statutory Variations :**
Any statutory charges increase or decrease or impose by the Government during contract period will not be borne by GSECL, It should be borne by contractor and if any decrease in the above takes place after the contractual delivery date the advantage will be passed on to the GSECL.
10. **Applicable Taxes:** GST shall be paid extra as per government prevailing rates if the same is claimed in the invoice. HSN / SAC code must be mentioned in invoice. No any other taxes will payable by GSECL except GST.
11. **Insurance and Security:** Contractor shall have to arrange for the insurance for their manpower and equipment during the entire period of work contract execution. GSECL will not be responsible for any loss or damage to contractor's personnel and equipments.
12. **Unsatisfactory progress of Works:** If your work is found not satisfactory or not progressing according to schedule given by the Corporation the Corporation may take such action as may be deemed appropriate to see that the work is completed in time at your risk and cost.
13. The GSECL reserves the right to terminated this contract at any time without assigning any reason whatever by giving a notice period of 10 days notice of termination of the contract, contractor will not be entitled for any compensation / damages / losses whatever on such termination of the contract.
14. All standard terms and conditions prescribed by the GSECL for the work order shall be applicable to the contractor

15. Sub-letting the contract to other agency is not permitted unless and otherwise, the competent authority approves it.
16. **Dispute:** In case of any dispute, the decision of the Chief Engineer, WTPS shall be final and binding to the contractor.
17. GSECL reserves right to split up in to more than one agency, if deemed fit to have availability of resources to complete the work in stipulated period.

**SIGNATURE OF CONTRACTOR
WITH SEAL & DATE**

**CHIEF ENGINEER (C&O),
GSECL, WTPS**

**GUJARAT STATE ELECTRICITY CORPORATION LIMITED,
WANAKBORI THERMAL POWER STATION,
TAL. GALTESHWAR, DIST.KHEDA – 388239.**

Name of Work:	Supply and application of mineral wool insulation on various pipes, bends, vessels etc. of Turbine and its auxiliaries of 1 x 800 MW of Wanakbori TPS during on as & when required basis and AOH of Unit No. 8.
RFQ No:	75810

GENERAL CONDITIONS OF CONTRACT

<u>SECTION:</u>	
1.	The contractor shall at their own expense make all necessary provision for housing water supply and sanitary arrangement for their employee as well as for works and shall pay direct to the authorities concerned all rates and taxes.
2.	The contractor shall make their own arrangements for the necessary approach road, for transport of their materials and be responsible for the Compensation on account of damage to crop on Corporations' property.
3.	All the royalty charges octroi other duties will be paid by the contractor and no extra could be claimed on this account.
4.	The organization will supply articles at the place and rates mentioned in schedule 'A' of Tender form. In case of the materials issued either through or with the recommendation of this organization it will be absolutely necessary for the contractor to maintain a correct and honest record of the daily consumption of the said materials/with inside particular reference to the work during the day. The Engineer-in-charge of this department or his authorized agent shall have the right to inspect and check the stores containing these materials and the account for these materials shall be presented for inspection whenever asked for by them. Every facility shall be afforded by the contractors for all these inspections Engineer-in-charge will supply the materials in any quantity as deemed fit.
5.	Godown of sheds hired or constructed for storage of controlled materials and more/ particularly of cement shall be such as would prevent the materials from getting damages in any way.
6.	It will be absolutely incumbent of the contractors to have on the site of work only such of the materials as have been dully passed by the Engineer-in-charge Materials that have been rejected must on no account be allowed to remain on the side and in spite of written order to do so any such rejected material is on the site beyond a period of 48 hours, notice the Engineer-in-charge shall have the right to remove it at the risk and cost of the contractor and even destroy it.
7.	It must be distinctly understood that the conditions of the contract and of claims in respect of extra work will not be allowed, unless the works to which they relate is clearly without the spirit and meaning of the specifications or unless such work are ordered in writing by the Engineer-in-charge and claimed for in specified manner.
8.	On completion of the work, the site shall be cleared by the contractors within the stipulated period, and ground brought to original state and they shall not be entitled for any extra claim on this account.
9.	<u>DAMAGE CAUSES TO WORKS:</u> The work whether fully constructed or not, and all materials, machinery plant tools, temporary building and other things connected there shall be at the risk and in the sole charge of the contractor until the works have been delivered, completed to the Engineer- in-charge and certificate from him to that effect obtained until such delivery the contractor shall at their own cost take all the precautions reasonably necessary to keep all the aforesaid works materials machinery, plant, tools, temporary building and other things connected with the work, free from any loss or damage and in the event to the same or any part there of being lost or damage shall from with within possible speed, reinstate and make good such loss or damage at contractor's own cost.
10.	Supply of controlled articles will be invariably recommended after the actual requirements have

	been carefully scrutinized. In the event of any such materials remaining in surplus in charge of the contract, on account of some modifications either in the design or changes in construction or any other reason will be returned to the department.
11.	There will be generally no objection on the component parts of the works being given over to responsible sub contractors but it must be borne in mind that this department would under no circumstances recognize these sub contractors and responsibility of executing the work in accordance with the condition of the contract will entirely rest on the main contractors. The main contractors will therefore always have the very responsible member preferably a technical hand, present on the works with power to sign all work order issued on the site of work and to take requisite actions in the interest of very efficient execution of works.
12.	With a view to ensure rapid progress on the works purchaser may store at work sites certain quantities of the materials such as cement etc. and it will be incumbent on the tender to purchase these materials, at the rates mentioned in schedule 'A' of tender form for supply of necessary articles, all necessary help will be tendered but it must be clearly understood that the purchases does not accepted and responsibility for the delay that may be cause in their supply on account of circumstances beyond the purchaser's control.
13.	Contractor will be asked to present the sample of materials and the approved sampled will be preserved at the site of work and no change in the approved sample will be allowed without the written permission of the Engineer-in-charge.
14.	Contract will have to communicate the name of his authorized agent who shall be presentation the works and shall be authorized to sign the materials requisitions receive instruction given verbally, or on the order book on behalf of the contractor.
15.	The materials issued to the contractor as per schedule 'A' of the tender shall not be removed from the work and all surplus material at the end of the works which is considered serviceable shall be returned to the organization even the unserviceable material shall be removed only with the prior permission to the E.E. in writing.
16.	The contractor will have to sign the conditions of the contract and execute the agreement, send the list of previous works executed solvency certificates and pay up the security deposits, failing to that the tender will be rejected and earnest money deposit will be forfeited. The value of the stamp paper and stamp duty charges shall be borne by the contractor.
17.	The contractor must arrange for all transport of materials weighting of material issued at department stores and all such cost include in the rates of schedule 'B'.
18.	The competent authorities can delete to any items in the schedule 'B' of the tender order if they feel that the items is not essential to be executed.
19.	A schedule of quantities is included in the tender document it shall definitely understood that the Corporation does not accept any responsibility for the correctness or complication of this schedule-B. The tender documents shall be written legibly and free from grouser, over written on conversion of figures correction where unavoidable shall be made by crossing out initialing dating and rewriting both in figures and in words in case of my discrepancy in figures the price quoted in words shall prevail.
20.	This notice to tenders shall form a part of the contract.
21.	The entire work is to be completed within the stipulated time limit from the date of work order. The contractor will not be eligible for any extra for the idle period of work or waiting period that may be required to suit other considerations and no claim for compensation on account of such will be considered. However in case or delay due to circumstances beyond the control contractor either in date of commencement or due to waiting during construction extension time may be considered for completion of work.
22.	In case contractor is unable to account for full quantity of materials issued to him from the department stores, recovery will be effected from him at cost rates or market rates prevailing at the time of issue whichever is higher, plus 15% to cover Corporation's departmental supervision charges for all material unaccounted for.

23.	Bill shall be submitted by the contractor monthly on or before the date fixed by the E.E., for all works executed in the previous months.
24.	<u>SUPPLY OF WATER AND ELECTRICITY:</u> If possible water for construction purpose only may be supplied by the Corporation at one point as decided by the Engineer & recovery for water charges shall be effected at two percent of cost of time as executed in which the water supplied by the Corporation is used as certified by the Engineer in charge Electric supply is required the contractor shall be given Free of cost by GSECL. (Applicable to CIVIL WORKS only).
25.	Should this tender be accepted, I/We have agreed to abide by and full fill all the terms and provision of 'Tender and Contract of works' as applicable, and in default thereof, to forfeit and pay to the Corporation the some of money due.
26.	The work will have to be carried out in co ordination with other Agencies on the same site on account of this in case the contractor has to stop or delay his works for same time he will not claim anything extra only Corporation may consider to give suitable extension in time limit if necessary on such account.
27.	Any disputes arising out of the contract if not settled mutually, than the same shall be settle by Gujarat Public Work Arbitration Tribunal act-1992.
28.	Following clauses of this section are not applicable to this contract i.e. 3,4,5,6,10,12,13,15.
<u>CIRCULAR - I</u>	
	The following are the major obligations to be fulfilled by the Contractors as per the Contract Labor (R&A) Act 1970 and rule mentioned there under:
1.	License to be obtained before starting the Work where number of contract laborers in Fifty or more.
2.	Payment to contract laborers has to be made in presence of IRO/LWO. Wages rates for contract laborers are applicable as per the terms and conditions of the license. The contractor shall have to pay wages to workers as notified by Government of Gujarat., from time to time
3.	Every contractor shall have to maintain the muster roll and wages register in respect of his contract labor.
4.	Every contractor is required to issue employment card, wages slip and attendance card to their laborers.

10.	Before starting the work as per the contract awarded to him, he should make arrangement to enter into the agreement in the prescribed format on the stamp paper as applicable. Before fulfilling the above requirement the contractor is instructed not to start the work. The responsibility will be on his head in case he fails.
11.	Contractor should posses separate P.F. code on their firm, name otherwise their offer may must be considered.
	All the contractors are informed to adhere to the rules and regulations applicable to them, particularly in respect of the laborers engaged by them, the contractor not fulfilling the obligations will not be allowed or continue with work/ not be held qualified to carry out the work at TA-Galtheshwar Dist. - Kheda Power Station.
<u>CIRCULAR-2</u>	
	It has been directed by our CO that, no new labor contract be entrusted to any agency without getting prior approval from CO. Further the existing contract, on their expiry, may not be extended without approval from HO, Vadodara. In light of the instruction conveyed by HO, it is necessary to check up the following documents of each and every contractor before awarding the contract to these contractors. For preliminary checking of valid contractors, the following documents are required to be checked by the concern

	DE/EE/SE. On their checking the same and by recommending the number of labors, gate pass will be issued by the Sr. Security officer. But before awarding and finalizing any contracts, following information must reach to IRO for his confirmation.
1.	The contractor should not allowed to engage fifty or more contract labors without initiating to obtain the labor license under the Contract Labor Act from the Assistant Commissioner of Labor, Nadiad (The same number i.e. fifty or more includes Supervisor and other staff).
2.	Number of days of the contract should be informed first before allowing the contract to start. The Contractor also must obtain group insurance under WC Act before starting the work.
3.	The contract laborers must be paid minimum wages as per notification issued by competent authority under the said Act from time to time upon issuance of Circular by Chief Engineer, WTPS. The above instruction must be followed scrupulously to avoid labour liabilities under Contract labor Act.
<u>"GENERAL SAFETY RULES / NORMS" TO BE OBSERVED BY THE CONTRACTOR</u>	
	All the contractors working in Gujarat State Electricity Corporation Limited Factory like Coal/Lignite/Gas/Hydro/Pumping Station shall have to strictly observe the following Safety Rules. Concern principle contractors are responsible for informing & observance of these rules by their supervisors/contract workers as well as the owner/supervisors/ workers of sub-Contractors engaged, if any, by them for the work contract awarded to them. Prior to commencement of the work, Contractor shall have to submit a written assurance on their letterhead to the concerned Sectional Head / Engineer-in-charge that they have thoroughly gone through these Rules, have educated their employees / workers of their sub contractor and will strictly observe the said Rules while execution of work under work contract awarded to them. They will have to indemnify the company for any loss or damage / accident / injury to the company's property / employee or employee of their own in default of non - observing these rules.
1.	Contractor should issue photo gate pass for their workers from GSECL Factory Manager as per Gujarat Factories rules, 1963 & details shall be filled up in GSECL gate pass format as per Aadhar card /Election card id proof & to follow the gate pass issue procedure through concern department EE & SE, Security Officer, LWO/IRO/DGM, Factory Medical Officer, Safety Officer/Dy. Safety Officer & Factory Manager.
2.	In case of emergency, temporary photo gate pass shall be issued by Security Officer only for three days with prior permission of Factory Manager only. More than three days, Permanent photo gate pass procedure shall be completed by contract agency for their contract workers.
3.	Certificate of Fitness of employment in hazardous process & operations in form no.33 of Gujarat Factories rules, 1963 shall be issued by GSECL Factory Medical Officer for all contractor workers before commencement of work & examination responsibility shall be taken by contractor as well as concerned Head of Department .Pre-employment & Periodical medical examination of contractor workers shall be carried out in form no.32 from GSECL Factory Medical Officer after every six (06) months of contractor with their contractor workers. Contractor shall be fulfilled all health requirements before commencement of work. After completion of medical examination in form no.32/33, GSECL Factory Medical Officer shall be signed in contract worker gate pass procedure format.
4.	If work executed outside factory premises, Principle Contractor shall be registered compulsory under The Building & Other Construction Workers (Regulation of Employment and condition of service) Act, 1996 and The Gujarat Building & Other Construction Workers (Regulation of Employment and condition of service) Rules, 2003 before execution the "building or other construction work" means the construction, alteration, repairs, maintenance or demolition, of or, in relation to, buildings, streets, roads, railways, tramways, airfields, irrigation, drainage, embankment and navigation works, flood control works (including storm water drainage works), generation, transmission and distribution of power, water works (including channels for distribution of water), oil and gas installations, electric lines, wireless, radio, television, telephone, telegraph and overseas communications, dams, canals, reservoirs, watercourses, tunnels, bridges, viaducts, aqueducts, pipelines, towers, cooling towers, transmission towers and such other work as may be specified in this behalf by the appropriate Government, by notification but does not include any building or

	other construction work to which the provisions of the Factories Act, 1948 (63 of 1948), or the Mines Act, 1952 (35 of 1952), apply.
5.	Contract worker gate pass will issue after completion of safety induction 3D animation movie & Training record is to be maintained in IMS/OHSAS training format by TK Office/LWO.
6.	As per Gate pass format of GSECL, Safety Officer/Dy. Safety Officer shall be checked the issue PPE to contract workers as per nature of job, Form no.10 of lifting tools and tackles, Driving license, Electrical contractor license, Electrical trade qualifications, Safety induction training, SOP, supervisor qualifications etc. After fulfillment of all Safety compliances, Safety Officer/Dy. Safety Officer shall be signed in Contract worker Gate pass procedure format.
7.	Work Contract shall be completed by principle contractor/agency/person who is awarded the work order. Subletting of contract shall be allowed only if prior approval of Power station chief before execution of work. Contractor/agency shall be submitted the entire subletting contract documents with gate pass application through concern department EE & SE, LWO/DGM, Safety Officer/Dy.Safety Officer & Factory Manager.
8.	Under The Conditions Framed Under Rule-45 Of The Indian Electricity Rules, 1956, Valid Electrical contractor License shall be submitted to concern electrical department EE/SE/Electrical Safety Officer/ Safety Officer/Factory Manager at the time of apply gate pass by agency/Contractor with latest renewal from Chief Electrical Inspector, Gandhinagar- Gujarat. Electrical License photocopy shall be checked by Concerned HOD of Electrical Department/Electrical Safety Officer/Dy.Safety Officer/ Safety Officer/Factory Manager.
9.	As per nature of job/work, Qualified supervisor (Diploma (Electrical/ Mechanical/Civil/C&I) + 3 years experiences or ITI + 10 years) shall be engaged by contract agency & qualification certificate with experience certificate shall be submitted to concern EE/SE/LWO/IRO/DGM/ Dy.Safety Officer /Safety Officer/Factory Manager at the time of apply gate pass.
10.	As per rule 3 of CEA regulation ,2010: Designating person(s) to operate and carry out the work on electrical lines and Apparatus , Contract person/worker possesses a certificate of competency or electrical work permit, issued by the Appropriate Government. That means, Electrical trade Qualification of contract worker/person like ITI-wireman/ Electrician, Diploma (Elect), BE/B. TECH (Elect), ME/ M. TECH (Elect) shall be submitted to concern EE/SE/LWO/IRO/DGM, Dy.Safety Officer/ Safety Officer/Factory Manager at the time of apply for photo gate pass procedure.
11.	As per nature of job/work & during capital overhauling work /Annual overhauling work /24X7 round the clock work/major shut down work, Qualified Safety Officer/Manager/Supervisor (BE/Diploma (Elect/Mech/Civil) + PDIS-Post Diploma in Industrial Safety) shall be engaged by contractor during dangerous operations/dangerous works as well as day to day dangerous activities, safety supervision, tool box talk, Safety awareness programme, SOP preparation with hazards & its control measures with each step , checking of lifting tools & tackles, hydra mobile crane, Safety precautions, coordination with Safety Department etc.
12.	License of driver shall be submitted with gate pass issue application as per nature of vehicles & to follow the Motor vehicle Act,1988,the Central Motor Vehicles (Amendment) Rules,2016 as well as Gujarat Motor Vehicles rules,1989 & driver license shall be checked every day by security shift in charge before entry in the Factory premises.
13.	SOP with JSA (Job Safety Analysis) shall be prepared by contractor through competent person as per GFR, 1963 or Qualified Safety Officer as per GFR, 1963 with 05 years experiences. SOP will review & approve by concern JE/DE/EE/SE/Elect. Safety Officer/Dy. Safety Officer /Safety Officer/Factory Manager before execution of work.
14.	It is compulsory to use standard make Personal Protective Equipments (P.P.Es.) as per the job requirement. Do not work without use of required P.P.Es. Contractor is responsible to provide standard make (ISI/DGMS/CE/EN/ANSI approved) & to checked standard/make in PPE issue format by concern JE/DE/EE/SE/Safety Officer/Factory Manager. Personal Protective Equipments / Safety Gadgets suitable to give sufficient protection against hazards involved in their work / job to their staff, as per the job requirement and insist / enforce their workers to put on the same while at works.

The ongoing work is liable to be stopped at any time if your contract workers/staffs found working without P.P.Es. Following is the list of various P.P.Es (as per ISI/DGMS/CE/ EN/ ANSI approved only) to be used for various works / worksites.

In any work, Contractor shall be issued the minimum 06 nos. of PPEs like Safety Shoes, Safety Helmet, Safety goggles, Mask & Reusable Ear plug, hand gloves to their workers/supervisor compulsory & it will check by concern section HOD & Dy. Safety Officer /Safety Officer at the time of gate pass procedure.

Quality of PPE shall be approved from Safety Officer as per Indian Standard and International Standard before executions of work or at the time of gate pass apply procedure.

List of safety equipments	
Industrial Safety Helmet	For protection of head against falling objects or during fall of person from height. YellowColour helmet is used for contract worker with agency logo.
Safety Goggles/welding goggles/chemical splash goggles	For protection of eyes against flying particles / dust, chemical splash, welding spark, arc, flashover etc.
Full Face shield	For protection of face against flying particles / dust, chemical splash, spark, arc, flashover etc.
Reusable Earplug / Ear muffs.	For ear / hearing system protection while working in high noise level area.
Chemical suit/Gas tight suit /Fire proximity suit/FR Boiler Suit	For body protection against chemicals, oils, sharp edged objects, heat, hot objects etc.
Safety Hand Gloves	For protection of hands against chemicals, oils, sharp edged objects, heat, hot metals/objects, electricity etc.
Safety shoes/ Gum Boots with Oil/Chemical/water/heat/ Electrical resistance etc.	For protection of leg/feet against falling objects, sharp edged objects, heat, hot metals/objects, electricity etc..
Safety Belt(full body hardness with double lanyard & shock absorber) / Rope / Life line / Fall arrestor etc.	For fall prevention while working at heights or in depth, working in vessel or in confined space.
Dust Mask/Respirator with valve(FFP2)	Protection of respiratory system against dust.
Chemical Cartridge Respirator with full face mask type A2B2E2K2	Protection against toxic chemical fumes / gases/vapors/dust etc.
Trolley mounted Air line respirators with full face mask	Working in oxygen deficient zone or confine space area
Portable Single gas detector like Chlorine, Ammonia, Hydrogen, etc	Working in hazardous storage/process area
Portable Multi gas Detector (LEL,O ₂ ,CO,H ₂ S,SO ₂ , etc)	Working in oxygen deficient zone & use in entry of confine space & Major fire
Automatic voltage detector	To check the present voltage or induction voltage of electrical equipments/ bus/switch gears from 01 (one) feet distance before starting the any electrical work .

	Auto darkening welding helmet (EN 379 & EN 175 Level-B) with PAPR as per EN 12941:1998, class TH2 and AS/NZS 1716	The new auto darkening welding helmet combines legendary Speed glass quality and auto darkening technology with an innovative wide-view grinding visor to give welders an all-in-one solution for more flexibility, precision, and efficiency. Respiratory System is a combined face and breathing protection device, for increased comfort and safety in welding. The unit is equipped with a particle filter which removes particles from the air. The unit provides a constant airflow independent of filter combinations and clogging. The unit can also be equipped with a gas filter (for example A1B1E1). The unit supplies air to the head top via the connecting breathing tube. The airflow creates a slight positive pressure which together with the sealing to the face prevents particles and other contaminants from entering the head top.									
15.	All PPEs (as per ISI/DGMS/CE/EN/ANSI approved only) Should issued by party/agency/contractor to their contractor workers as per nature of job and allotment of PPE list shall be submitted to Safety Officer, Wanakbori on his letter head as per below mentioned format by Contractor before commencement of work through concerned JE,DE,EE/SE . Sub: Issue of PEE to Contractor workers Sub of work Order: Work order no. Name of Agency: Date of Commencement: Time limit for work order:										
	Sr. No	Name of workers	Designation	Name of Section under work execution	Name of PPE	IS :Code no. of PPE	Make of PPE	Qty	Unit	Date of issue	Receiving signature
	A	B	C	D	E	F	G	H	I	J	K
	01				Safety Helmet				Nos.		
Safety goggles								Nos.			
Reusable Ear Plug								Pair			
Dust Mask								Nos.			
Safety Shoes								Pair			
16.	Shift Security Inspector/Security Officer shall be checked Safety Shoes & Safety Helmet of all contractor workers at entry gate of Factory Premises & shall entered contractor workers with Safety Shoes & Safety Helmet with photo ID Gate Pass.										
17.	Shift Security Inspector/Security Officer shall be checked validity of Gate pass of all contractor workers on daily basis.										
18.	During the work execution, one trained & competent supervisor of agency should always remain present at work site. Concern JE/DE of GSECL shall be supervised the contract work as per SOP .										
19.	Approved NABL laboratory calibration certificates of electrical/mechanical/Civil/C&I/Environment survey/Chemical etc measuring /testing equipments/instruments which are used during contract work shall be submitted before starting the work & shall be checked by concern JE/DE/EE before starting work & it's record shall be maintained in concern section.										
20.	The contractor shall take all the required safety measures prior to commencement of work on dangerous substances, machineries or area at which cautionary notice is displayed and obtain "Line										

	Clear” or “Work Permit” through the concern Department / Section JE/DE and shall be informed to concern section JE/DE for closed/ returned after completion of work.
21.	Safety talk/Safety work instructions shall be given to contractor workers by concern JE/DE regarding hazards of specific work, risk & it's control measure (mentioned in HIRA) before starting the job work and records shall be maintained for each & every job works.
22.	Display Safety instructions shall be strictly followed by all workers who are working in factory premises.
23.	Material Safety Data Sheet (MSDS) of each chemical shall be available with Chief Chemist/Control room & work related Chemical information shall be taken by contractor & contractor workers from Concern EE/Chief Chemist before starting of chemical handling work.
24.	The contractor shall be checked & securely covered or securely fenced any opened fixed vessel, sump, tank, pit or opening in ground or in floor which, by reason of its depth, situation, construction or contents, is or may be a source of danger before starting the work each & every days or after interval/recess. Contractor supervisor shall be informed to concerned HOD regarding any unsafe conditions.
25.	Prohibition of smoking, fires, lights, spontaneous ignition substance, matches; fuses, mobile phone etc are to be strictly followed by all workers who are working in factory premises.
26.	Prior to carrying out welding, gas cutting, furnace heating or any other hot work job, remove all the inflammable material lying at or nearby worksite or cover it properly by suitable protective covering. Also, special care shall be taken before carrying out such job & see that all possible contributing factors to set fire shall be removed / vanished prior to commencement of the work. Advance intimation shall be given to concerned section / fire section to commence the work in fire prone areas. They should also keep ready all the First Aid Fire Extinguishers / equipments & fire extinguishing media / material like sand / water buckets or other appropriate equipment at such place.
27.	While carrying out work in confined space or inside vessel, obtain necessary “Confined Space / Vessel Entry Permit” from concerned department prior to commencement of the work. For lighting in such areas, only 24-volt (ISI certified & with proper guard) hand lamp shall be used. For taking care of the persons working inside the confined space / vessel, a supervisor / person capable to keep continuous watch on person(s) working inside, assist them in case of emergency or arrange to get immediate outside help, shall remain present at entry point. Use full body safety belt without failed. While working inside sewage, trench or in-depth, a person to warn outsiders / entrants / passers etc shall remain available near entry point or the entry point shall be cordoned by a barricaded tape with a cautionary notice. After completion of the works, all the lids / covers / grills / grates opened, shall be re-fixed / re-placed in the original position as it were prior to commencement of the work and leave the work place in safe condition in all respect, so as to prevent accident to fellow workers.
28.	The contractor shall see that he / his persons do not work on or block (by stacking material, spare parts, tools-tackles, equipments etc), any passages / walkways / gangways / aisles / staircases / ladders / lifts or any other approaches / roads leading to plants or its auxiliaries, on which there is traffic movements or possible traffic movements in case of emergency. Such passages are meant for safe escape in the event of emergency. If it is utmost necessary to carry out work in such area with blocking of passage, prior permission of Competent Authority or the Engineer-In-Charge shall be obtained. To demarcate / declare the area as “UNSAFE” , cordon it using barricading tape & display suitable caution notice or keep a person to restrict / divert the traffic on this route through other safe passage.
29.	Prior to use power / electrically operated hand tools / equipments / machines / gadgets like welding machine, hand grinder, hand drill etc, ensure for its safe operation & use it only if it is found safe to use. Do not use defective, unsafe or improperly maintained equipments.
30.	The electrical power supply required to run such equipments shall not be taken directly at their own

	but shall be obtained through concerned Electrical Maintenance Departments or their authorized persons or under their observations / guidance only. The Electrical Section shall provide temporary electrical connection up to contractor's Mains Board on which it is compulsory to install mains switch, ELCB & fuses of adequate capacity. All such equipments shall invariably be earthed adequately to prevent electrical shock, sparking, short circuit etc. Power cord to be used shall be of adequate capacity, without any joint & shall consist of earth wire also. Hence, it is necessary to use adequate capacity 3-wire power cord for single & 5-wire power cord for three phase power connections. The plugs, receptacles, pins, holders etc shall be of adequate capacity & safe to use. All electrical & mechanical equipments / tools-tackles viz. welding machine, cutting machine, Grinder, Drill, Chain Pulley Blocks, Hook chooks etc required to be used during work execution shall be of standard make & bear ISI certification mark on it. The consumables like welding electrodes, grinding wheels / discs etc which has specific prescribed life span shall not be used in any case if its expiry date is over.
31.	Non-Sparking Non-Magnetic electrical hand tools and tool kits shall be used by Electrical contractor for safe use in areas where hazardous, flammable, or combustible vapors, liquids, dusts, or residues may be present in Gas Based power plant and list of tools and tackles shall be submitted with technical bid. Non-Sparking Non-Magnetic electrical hand tools and tool kits shall be checked by JE/DE before commencement of Electrical work.
32.	Before using lifting machines / tackles (like C.P.Bs., Hook chooks, winch, forklift, mobile crane, EOT crane etc) & its attachments (like D-shackles, slings, U-clamps, Eye bolts or any fixtures), it shall be checked and used only if found safe to use. Also, ensure that these are tested, examined & certified in form no.10 by Competent Person as per the Factory act-1948 & Gujarat Factories Rules and its validity do not expire. Further, it shall be fixed properly and firmly prior to lifting the weight. Valid Test certificate of all Lifting machines used by Contractor to be submitted to Dy.Safety Officer/ Safety Officer before commencement of work through concerned EE/SE.
33.	Metal Scaffoldings to be used for working at height shall be of adequate size & capacity. Obtain the work permit when working at height. While climbing on such scaffolding or working on any structure at height, use of full body safety belt /full body harness with double lanyard & Fall arrestor & Helmet is compulsory. It is also necessary to fasten chinstraps of the helmet.
34.	Contractor or their employee shall not interfere in day-to-day routine plant activities / works except the work assigned to them, shall not loiter in the areas other than their work jurisdiction, as well as shall not temper / operate / touch the machineries/equipments/auxiliaries with which they are not concerned. Also, the contractor shall strictly instruct their staff for not to sit or take rest at/near/below running plants, auxiliaries, systems or any place which is risky, hazardous & prone to accident.
35.	The cylinders containing poisonous / toxic or inflammable / explosive gas like Oxygen, Acetylene, LPG, Hydrogen, Ammonia, Chlorine, CO ₂ etc shall be handled safely taking due care. To handle / shift such cylinders a special trolley /cage meant for it must be used but in no case it should be rolled.
36.	In Gas Based Power station/Hydrogen storage area /Hydro carbon fumes-vapour generated area, Spark arrestor (as per approved manufacturer of CCOE, Nagpur) shall be provided on each vehicle by party/agency and it will check by shift security in charge before entry of vehicles in the factory premises.
37.	No women or young person shall be employed or permitted to work in Lead-compound area like battery room etc. as per schedule VI of GFR 1963.

7. The security Deposit/ Bank guarantee covering execution of the contract will be released only on successful execution of contract and on receipt of the **"NO Objection Certificate"** from the Engineer In charge of the work.
8. Sublet or transfer of contract without prior written approval of G.S.E.C.L., will be treated, as breach of contract and it will be punishable by forfeiting the Security Deposit as well as termination of contract.
9. The G.S.E.C.L. reserves the right to forfeit the S.D. in case of any breach of contract and in case of disputes the decision of C.E., G.S.E.C.L Wanakbori T.P.S. shall be final and binding and shall be acceptable to the contractor. If the contractor fails to start the work as stipulated the EMD and the SD shall be forfeited.
10. The following are the major obligations to be fulfilled by the Contractors as per the Contract Labor (R&A) Act 1970 and rule mentioned there under:
 - 1 The contractor should not be allowed to engage fifty or more contract labourers without initiating to obtain the labour license under the Contract Labour Act from the Assistant Commissioner of Labour Nadiad (the said number i.e., fifty or more includes Supervisor and other staff.)
 - 2 The contractors shall have to obtain group insurance under Employee's Compensation Act before starting the work.
 - 3 All Contractors shall have to make the payment of wages to the Contract Labours engaged by them, on or before 7th of every month through Nearest Nationalized Bank compulsory, preferably situated in the premises of Wanakbori TPS area in case of ARC /BRC works Contract. The Contractor shall supply copy of Bank Statement duly stamped by the Concerned Bank as a token of proof towards payment of Wages to HR Department. In Case of Non ARC/ BRC works contract, it is also expected the same practice to be adopt by the contractor.
 - 4 Payment to contract laborers has to be made through Bank/ Cheque/ RTGS only. Wages rates for contract laborers are applicable as per the terms and conditions of the license. The contractor shall have to pay wages to workers as notified by Government of Gujarat., from time to time.
 - 5 It should be ensured that all the labours engaged by contractor are covered under the provident fund scheme and employee's pension scheme and their contribution are remitted regularly to the concerned RPFC. The Xerox copies of challan along with ECR in this regards should be submitted regularly in G.S.E.C.L. office.

	6 In case the contractor having more than one contract in the same TPS, the contractor shall have to submit contract wise separate list of the workmen to the concerned Officer. 7 The contractor shall have to pay wages to workers as notified by Government of Gujarat, from time to time.
11.	<u>Labour Laws:</u> The labour laws applicable and amended from time to time have to be followed scrupulously. A few of them for information are as under: a) Person below the age of 18 years and above 60 years should not be employed for the work. b) No female worker shall be employed in the night shift between 7.00 P.M. to 6.00 A.M. c) The contractor shall maintain a valid labour license under the contract labour (Regulation and Abolition) Act for employing necessary man power to be required by contractor. In the absence of such license the contract shall be liable to be terminated without assigning any reasons thereof. d) The contractor shall at his own expense comply with all labour laws and keep the G.S.E.C.L. Indemnified in respect thereof. Some of the major liabilities under various labour and industrial laws, which the contractor shall have to comply, which are as under: I) Payment of contribution by way of employee's contribution towards provident fund, family pension scheme, deposit linked insurance scheme, administrative charge etc., at the rates made applicable from time to time by Govt. of Gujarat /Govt. of India and other statutory authorities. II) Payment of deposit in respect of each contract labour at the rate applicable of with the offices of Commissioner of Labour as per the contract labour (Regulation and Abolition) Act. III) License fee as prescribed under the contract labour (Regulation and Abolition) Act and rules framed there under depending upon the number of workmen employed by contractor. IV) Identity cards as prescribed under the factories Act shall be issued to workmen. VI) Payment of retrenchment compensation, Notice pay and other liabilities as per Industrial Disputes Act. Any payment to the contractor's employees arising out of any claim or disputes under the Industrial Dispute Act 1947 or any other labour laws VI) Payment of compensation in case of accidental injury shall be made as per the WC Act. VII) If the female workmen are more than 50 numbers engaged then provision of crèches, shall be complied accordingly. VIII) Maternity leave as per the provision of the maternity benefit Act. The above are some of the major liabilities of the contractor in addition to other liabilities prescribed under the various labour laws in force from time to time from statutory Authorities like State Government / Government of India, which the contractor shall have to comply with.
12.	<u>Provident Fund and Family Pension Scheme:</u> The contractor shall submit along with his bill (month wise) statement regarding deductions against employees' provident fund and family pension scheme in respect of each concerned employee. Provident fund and family pension scheme at the rate of 12 % of wages (or at the rates made applicable by the Government time to time). The contractor's contribution and his workers contribution towards provident fund and family pension scheme shall deposited by the contractor with Regional Provident Fund Commissioner, Ahmedabad. In case if the contractor deposits the contribution to the Assistant Provident Fund Commission, the zerox copy of challans and schedule must be submitted in the office. For maintaining the CPF Account of contractor's employees the contractor will have to pay administrative charges as applicable of the emoluments of the employer of the contractor's every month.
13.	<u>Group Insurance Scheme:</u> The contractor has to take Group Insurance for all workmen engaged by him and copy of the same shall be produced to Concerned Officer.
14.	<u>Paid Leave Facility:</u> Paid leave facility at the rate of one day for every 20 days worked by the contract, labour shall be

	provided the contractor to his workers. It shall be duly verified and approved/certified by the authorized officer of the GSECL.
15.	The contractor shall employ adequate number of experienced staff at site for daily supervision and for maintaining of various registers and records required under the law and contracts. No payment for such supervision shall be admissible.
16.	<u>Contractor to Indemnify the GSECL:</u> The contractor shall indemnify and keep indemnified the GSECL, and every member, officer and employees of the GSECL, also Engineer-in-charge and his staff against all actions, proceedings, claims, demands, costs and expenses whatsoever arising out of or in connection with the matter referred in above clauses and elsewhere and against all actions, claims demands, cost and expenses which may be made against the GSECL by any workman/ employees of contractor or any sub contractor and or from any liability any wise to any workman/employees of the contractor or sub-contractor under any laws, rules or regulation having in force of law including but not limited to claims against the owner under workmen compensation Act, 1923. The Employee's Provident Fund Act.1952, and/or the contract labour (Abolition and Regulation) Act, 1970. The GSECL shall not be liable for or in respect of or in consequence of any accident or injury to any workmen or other person in the employment of the contractor or his sub-contractor, and the contractor shall indemnify and keep indemnified the GSECL against all such damage and compensation and against all claims, demands proceedings costs, charges and expenses whatsoever in respect of or in relation thereto.
17.	<u>Workmen's Compensation Fund and Employer's Liability Insurance:</u> Insurance shall be affected for all the contractor's employees engaged in the execution of these contracts. If any of the work is sublet, the contractor shall required the sub-contractor to provide workmen's compensation and Employer's liability insurance for the latter's employees unless such employees are covered under the contractor's insurance. It shall be liability of contractor for employees of his sub-contractor.
18.	Any other rules and regulations, conditions, circulars etc. that are in force at present and that may be framed by the GSECL from time to time in connection with the contract will be binding and acceptable to the contractor.
19.	The contractor must possess separate P.F. code for the above subject work.
20.	Attendance rolls shall be maintained up to date. All the written registers, Performa etc...shall be filled up and maintained up to date and kept ready for inspection at any time or submitted in-time to the concerned authorities as per contract labour etc. Factory Act. etc... By contractor.
21.	It is the responsibility of the contractor to ensure that his employees maintain strict discipline as regards security, methods of safe working etc., and not to cause any hindrance to smooth running of power station or in execution of duties by GSECL staff. Any lapse in this regard will be viewed seriously and contract is liable to be terminated. If any of contractor's staff is found unsuitable or not behaving properly, the contractor shall have to remove him from the work-site on demand by GSECL. The contractor shall have to strictly observe the rules and conditions specified in the enclosed works contract booklet of the GSECL, which are not modified hereunder. To keep harmonious Industrial Relations amongst contract labours is the sole responsibility of the contractor. Any breach of the same will be viewed seriously.
22.	Before starting the work, the contractor should contract Industrial Relation Officer/ Labour Welfare Officer for all formalities and obtaining the gate passes of all contract labourers and for other formalities.
23.	Follow the following procedure at each milestone for the execution of works contract. <u>(A) On Commencement of Contractual Work:</u> (1) The Contractors shall have to obtain Photo-Gate-Pass before the commencement of contractual work awarded. Contractor shall have to apply for the gate passes in triplicate in a prescribed application form which is to be available from Security Section for the entry of workmen in the premises. (2) Such application shall have to be proceed for the approval of Factory Manager. After

	obtaining approval of Competent Authority, contractor shall have to prepare the Gate Passes and obtain the signature of Factory Manager. (3) If Labours are required to be engaged in Emergency during Public Holiday , Contractors Can apply for Temporary Gate-Pass for the period of only three days with recommendation of respective EE/SE and the same shall have to be regularized after following the procedure of Gate Pass applications on the office working day from HR Department. It is to note that No Temporary Gate-Pass shall be issued for the work other than acute emergency to carry out the work in power station premises. (4) The Contractor shall have to obtain the Group Insurance Policy under the Employee Compensation Act, 1923 prior to commencement of work. 	taken the requisite measurement for the purpose or having the same verified and the claim so far as it is admissible, shall be adjusted, if possible, within ten days from the presentation of the bills. If the contractor does not submit the bill, within the time fixed, as aforesaid, the Site In charge may depute a subordinate to measure up the said work in the presence of the contractor or his duly authorized agent, whose counter signature in the measurement list shall be sufficient warrant and the Site In charge may prepare a bill from such list which shall be binding on the contractor in all respect. Along with the R.A. Bill, the contractor should submit material Account wherever applicable, proof of payment of provident fund and other statutory dues, certificate issued by I.R.O. / L.W.O certifying average number of labour deployed during the month and total amount of wages and salaries paid to labour. Payment will be made as per actual work done only after taking joint measurement and The contractor will be paid 100 % amount of actual work done on satisfactory completion of job work .Payment will be released within 30 days from receipt of recorded bill in all respect as per corporation's rules. However, amount of GST and applicable cess will be kept under retention till submission of documentary proof of payment of GST or till reflection of payment of GST pertain to respective bill amount in GST return after due verification.
25.	<u>Income Tax:</u> Income tax will be deducted at source from each bill as per statutory requirements. The GSECL will be entitled to deduct directly from the bills to be paid to the contractor any sum or sums payable by the contractor and which sum/sums the GSECL is required to pay as a principal employer on account of contractor's default in respect of all liabilities referred to in above clauses. • No sales tax, professional tax or any other taxes, cess or levy, excise duty, octroi, royalty or other duties will be payable by the GSECL against this contract. • Service tax at the rate prevalent during period of execution of contract and if applicable will be reimbursed on production of certified copy of registration number and paid Challan for payment of service tax from time to time.
26.	The quantities mentioned in the Schedule-B are approximate only and may vary widely. The contractor shall be paid for the actual works carried out at the rates quoted by him.
27.	The TDS @ 2% as per Sections 57A and 57B GST Act shall be deducted from the contractor's bills.
28.	<u>Compensation for the Delay:</u> The time allowed for carrying out the work as entered in the tender shall be strictly observed by the contractor and shall be reckoned from the date on which the order to commence work is given to the contractor. The work shall throughout the stipulated period of contract be proceeded with all due diligence (time being deemed to be the essence of contract) and the contractor shall pay, as compensation, an amount equal to ½ percent or such smaller amounts, as the Competent Authority (whose decision in writing shall be final) may decide of the amount of the contracted cost of whole work as shown by the tender for every day that the work remains un-commenced or unfinished after the proper dates. Provided always that the total amount of compensation, to be paid under the provisions of the clause, shall not exceed 10 percent of the contracted cost of the work as shown in tender.
29.	<u>Deposit Linked Insurance Scheme:</u> The contractor shall have to deposit 0.50% (half percent) or the rate applicable from time to time of the wages in respect of employees who are members of the PF, as the contribution to the Deposit Linked Insurance Scheme, with the Regional Provident Fund Commissioner, Ahmedabad.
30.	<u>Liability towards Gratuity:</u> The contractor shall deposit 15 days salary at the rate of last drawn salary for every completed one year of service for each worker for the liability of gratuity.
31.	<u>Minimum Wages Act:</u> The contractor shall pay prevailing minimum wages as applicable from time to time to the labours engaged by him as per the minimum wages Act, in presence of the GSECL officer or representative.
32.	<u>E.S.I. Act:</u> The contractors shall comply with the provisions of E.S.I. Act wherever applicable as per the prevailing provisions of the Act and as amended from time to time.

33.	<u>Administrative Charges:</u> Administrative charges for maintaining Provident Fund account shall be deposited by the contractor with the Regional Provident Fund Commissioner, Ahmedabad, at the rates applicable.
34.	<u>Safety:</u> The contractor shall strictly observe all safety rules and provide safety equipment to the contract labours as per the Factories Act, 1948, and whatever amendments made from time to time to avoid any chance of accident. The contractor shall strictly observe all instructions of Safety Officer and Factory Inspector to avoid any chance of accident. The contractor has to provide safety articles to his contract labour as per the nature of work they have to perform in the contract. A certificate in this regard has to be obtained from Safety Officer then the detailed work order will be issued.
35.	<u>Compliance to Security Matters:</u> The power station being a restricted / prohibited area, all the formalities as required by the Security and Vigilance staff of GSECL should be complied with, to whom the contractor should contact.
36.	<u>Submission of Returns & Maintenance of Records:</u> The contractor shall submit the returns under the Contract Labour Act, Payment of Bonus Act, and Payment of Gratuity Act etc. and shall have to maintain all up-to date records/registers in respect his employees as prescribed under various Labour Laws and produce the same as and when demanded by GSECL's appropriate authorities.
37.	<u>Contract agreement & indemnity Bond:</u> As per Corporation's rules, Contractor will have to submit an agreement with the Corporation on stamp paper of appropriate value Rs.300/- in the prescribed form within one month of receipt of this A.T. or before starting the work. The cost of the stamp fee shall be borne by you. The tender with the specification, price schedule, drawing and the contract booklet are to be signed by you. This letter and subsequent correspondence shall be deemed to be part of the Contract. Contractor will have to submit an Indemnity Bond also with the corporation on stamp paper of appropriate value Rs.300/- in the prescribed form before commencement of the work. The cost of the stamp fee shall be borne by you.
38.	The contractor must be maintaining regular labour record and should be paying all acquired benefits to labour force and contractor should obtain certificates to this effect from Labour Commissioner.
39.	Because of this contract, the GSECL shall not accept any additional labour liabilities than stated above.
40.	The contractor will make arrangements at his own cost to insure all men, materials and equipment employed for this work. The GSECL will not be responsible for any loss or damage either to the contractor's personnel or his equipment.
41.	Dispute, if any, taking place between the contractor and labourers must be intimated to Labour Welfare Officer, Wanakbori TPS, immediately.
42.	The contractor must insure all the labourers before starting the works.
43.	Any casualty will also have to be borne by the contractor for the period the contract continues.
44.	The contractor shall not engage any sub-contractor without written prior permission of the Chief Engineer or the authorized officer of the GSECL. In no case the GSECL will be liable in any manner regarding any liability in respect of any contract labours engage by the sub-contractor and the liability of such contract labours will solely rest with the principal contractor.
45.	The GSECL reserves the right to terminate this contract at any time during its currency without giving notice of termination or any reason thereof.
46.	In case of default, the work will be got done through other agency / agencies at the risk and cost of the original contractor, and the GSECL shall be entitled to recover such expenses from defaulting contractor by such methods as deemed fit. The contractor shall not, however, be entitled to terminate the contract or stop works undertaken by him before expiry of the contract period / extended period due to any reason whatsoever.
47.	Under the contract, the contractor should either himself be present at the site or should nominate persons in writing, who must be available at site and who should be authorized to take decisions

	about the works and receive the instructions from Site In charge of the work at any time. In absence of any responsible man of contractor at the time of any emergency, adhoc decision of Site In charge will be binding on the contractor.
48.	The contractor is bound to execute the work for any item as per the instruction of the Site In charge. On refusal to do so, the work will be carried out at the risk and cost of contractor by using the contractor's tools and tackles, for which no compensation whatsoever shall be payable to the contractor.
49.	If any immovable articles/tools/equipment will be found stolen from the working place, the contractor would be held responsible and cost will be recovered from his bill.
50.	For any conflict and ambiguity, the decision of the Chief Engineer (C&O) shall be final and binding on the contractor.
51.	<u>DISPUTE RESOLUTION MECHANISM:</u> (1) Amicable settlement Any dispute, difference, controversy or claim between the Parties arising out of or relating to this contract with reference to the construction, interpretation, breach, termination or validity thereof (hereinafter referred as "the Dispute") shall, upon the written request of either Party be referred to the authorized representatives of the Disputing Parties for resolution. The authorized representatives shall promptly meet and attempt to negotiate in good faith a resolution of the Dispute within thirty days of the service of the request. (2) Arbitration If the Parties fail to amicably resolve the disputes or differences or contrary claims as indicated herewith in sub clause (1) of this Clause, arising under or in connection with the present Works Contracts, whether pertaining to works contracts alone or works and Procurement both, the same shall be referred to arbitration under the Gujarat Public works Contracts Disputes Arbitration Tribunal Act,1992"
52.	<u>"D.G.S. & D. Force Majeure Clause"</u> " If, at any time during the continuance of this contract, the performance in whole or in part by either Contractor of any obligation under this contract shall be prevented or delayed by reason of any war, hostility, act of the public enemy, civil commotion, sabotage fires, floods, explosion, epidemics, quarantine restrictions, strikes lockouts or acts of God (hereinafter referred to as event)", then provided notice of the happening of any such event is given by either Contractor to the other within twenty one days from the date of occurrence there of neither Contractor shall by reason of such event be entitled to terminate this contract nor shall either Contractor shall have any claim for damage against the other in respect of such non-performance of delay in performance, and deliveries under the contract shall be resumed as soon as practicable after such event has come to end or ceased to exist, and the decision of the Managing Director as to whether the deliveries have been so resumed or not shall be final and conclusive. Provided further that if the performance in whole or part of any obligation under this contract is prevented or delayed by reasons of any such event for a period exceeding 60 days, either Contractor may at its option terminate the contract provided also that if the contract is terminated under this clause, the Purchaser shall be at liberty to take over from the supplier at a price to be fixed by the Managing Director of the GSECL, which shall be final, all unused undamaged and acceptable materials bought out components, and stores in course of manufacture in the possession of the supplier at the time of such termination or such portion thereof as the Purchaser may be deem fit excepting such materials, bought out component and stores as the supplier may with concurrence of the Purchaser elect to retain".
53.	The contractor shall quote rate & also furnish GST, if any, as per Schedule-B. Nothing will be paid extra as a part of contract unless & until, it is specified in the tender documents by GSECL.
54.	The rates quoted shall be firm and valid for 180 days for acceptance from the date of opening.
55.	The contractor, if desired, can see the plant and site on any working day and during working hours with permission of the Chief Engineer.

56.	Conditional tender is liable to be rejected withdrawal or insertion of conditions unilaterally after opening of tenders will not be permitted unless it is so desired by the GSECL.
57.	Office correspondence will be carried out in English language, and if at any time to facilitate the contractor, Gujarati translation may be furnished, if deemed fit. The English version will be the correct one and the same only will held good for legal matters.
58.	The contractor should intimate to the office the name and address of authorized and responsible representatives, so that our field officers can contact them when required in connection with the execution of the said works.
<u>Contract Labour Information Management System (CLIMS)</u>	
1	GSECL has developed a Contract Labour Information Management System (CLIMS)- a comprehensive digital platform designed to manage all activities related to contract labour transparently and efficiently. The primary objectives of CLIMS are to save time for both agencies and GSECL personnel, to ensure full legal and regulatory compliance and to reduce the operational burden on agencies, allowing them to focus on their core activities. To ensure the successful implementation and operation of CLIMS, the following guidelines are hereby issued. A. Gate Pass: 1. CLIMS is a web-based system that can be accessed by agencies from any location using a desktop, laptop, or mobile device. 2. To begin using the system, agencies must register by entering their EPO (E Urja Order) number. All other necessary details are automatically fetched from the E-Urja system. 3. The issuance of gate passes for contract labour is managed entirely through CLIMS. Agencies can generate and track gate passes within the system. 4. In order to enable gate pass issuance, agencies are required to input and upload the necessary details of their contract labourers into the system. 5. Once the required information is submitted, the gate pass approval process is initiated and managed through the system. The request automatically moves through the predefined workflow levels. Agencies can monitor the real-time status of their gate pass applications via CLIMS. 6. Upon completion of all required approvals within the system, the gate pass is issued to the agency. B. Attendance and wages of workers: 1. Once contract workers gate passes are approved in the system, they are required to be registered in Bio-Metric/Face Reader Punching machines by HR Department. 2. The attendance of all contract workers can be monitored and maintained through CLIMS by contractors. 3. Access to data of Bio-Metric is given to agencies. It should be the duty of agencies or his supervisor to ensure the supply of specified number of manpower and to ensure their Bio-Metric punching and reporting at the location of work. 4. Attendance register and wage register of the worker will be generated by CLIMS from the login of agency only. C. Compliance to various labour laws: 1. All the contractors have to comply various labour laws and they shall submit the attached Declaration-cum Indemnity Bond before staring of work. This Bond may also be made part of ensuing tenders/contracts. 2. Contractors shall upload the CLIMS generated previous month attendance sheet, wage register duly signed by workers, wage bank statement, ECR copy, PF Challan and Remittance slip. 3. The said submitted documents in CLIMS will go to user department, after verification of completeness of documents, user department will forward it to HR Department for further verification and approval.

4. If the documents are complete, HR Department will approve in CLIMS and send to Account Department for further process of bill.
5. If non-compliance is found in submitted documents, it will be returned to user department in CLIMS with specific remarks and user department will forward it to contractor for compliance. In such cases, 75% of the bills may be released subject to a maximum ceiling of 20% of the contract values. Such system of payment shall be allowed only for 3 monthly Running Accounts (RA) bills (Maximum cumulative amount up to 20% of the contract value) of the contractor in a period contract (AMC) of 12 months or 6 RA bills in a period contract (BMC) of 24 months if there is non-compliance. All other RA bills and specifically final bill shall not be processed if the previous & current compliances are not made by contractor. No such relaxation will be granted for non-periodic, one time or overhauling type contract.

D. Special Case:

In case of work order issued for expert services to PSU or OEM/OES following procedure may be adopted.

1. If officers / specialized manpower / expert Engineers from Govt / Semi Govt Companies / PSUs / OEM/OES/foreign experts are deployed for short-term, specialized, or ad-hoc technical / consultancy services (e.g., commissioning, maintenance, consultancy or inspections), concerned Engineer In-Charge (EIC) shall certify the same
2. The EIC must obtain following documents from the concerned Govt / Semi Govt Companies / PSUs/OEM/OES etc:
 - (i) Declaration cum undertaking (As Per Annexure-A) that visiting experts are their regular employees with documentary proof, and
 - (ii) Declaration towards compliance of applicable labour laws.

The above documents shall be submitted along with the bill / Invoices by EIC to HR department for the purpose of HR clearance in lieu of the procedure at Clause -C above.
